**Flag:** Follow up

Sarah: my only suggested revision to this version of the briefing document is that the last bullet under the NHPA section is redundant. I think we can just say "The opportunity for public comment as noted above."

Douglas

Hi folks -

Here are the latest versions of the briefing papers and below is the direction from Deb so far (expect we might get more on the TPs). ORC folks - Could you please do a legal review of the documents this morning, including any additional info that should be added to treaty rights?

## Ex. 5 AC/DP

Deb wants to get a final version out this afternoon to all the AAs who will be attending the briefing on Friday, so please send your input by noon today to give Darcy and Deb a final chance to review.

Thanks!  
Sarah

Thanks Darcy. I would like to send the Briefing Document and Figures today to all invited to the briefing. Please get a quick review from ORC. I do not have comments on the briefing paper but we may need to make changes to the talking points. I need to look at them closer. Please include expected reactions from Powertech, the Tribes, State, Congressionals etc. in the talking points.

Deb & Joan – first, I’m sorry I didn’t get these to you earlier today. Lots of back and forth with the team. We did not have the ability to get additional legal review today due to ORC’s retreat, and therefore may have additional information on treaty rights that should be added. Paul suggested a legal issues section, but we didn’t want to draft that without legal assistance. Let me know if you think we should pursue that on Wednesday.

Please see the attached and give me some feedback on changes you need.

Thanks!

D
